Fracspace

HQ: India

INDUSTRY: Property Technology

Fracspace, founded in 2022, empowers middle-class investors to co-own luxury holiday homes through fractional ownership. With luxury properties in over 15 prime locations, includes various cities in India, the USA, Thailand & Indonesia. Fracspace enables its co-owners to benefit from rental yields, property appreciation, and stress-free management. Driving its success is a committed team of professionals who go above and beyond to ensure an exceptional and seamless experience. Fracspace also offers an enhanced suite of services ranging from buy, sell, rent listings, interior design, construction, and property maintenance services, delivering a game-changing, seamless real estate experience.
