Talent31 AI

- HQ:** India
- INDUSTRY:** HR Tech and Future of Work
- KEY BACKERS:** Function Ventures and Blue Opal Tech Investment LLC

Founded in 2022, Talent31 AI is a global recruitment platform leveraging advanced artificial intelligence to automate the end-to-end hiring process, from sourcing and screening to onboarding. The platform reduces hiring cycle time by up to 70% while enhancing candidate quality through predictive analytics and bias-free evaluations. Trusted by Fortune 500 companies, Talent31 AI enables organizations to efficiently identify, evaluate, and secure top talent worldwide.
